RE: *Alabama Board of Medical Examiners v. Pascual Herrera, Jr., M.D.*
Case No. 00-009, Before the Medical Licensure Commission

Dear Mr. Agricola:

Enclosed is an Order of the Medical Licensure Commission of the State of Alabama dated June 1, 2006. By Order of the Commission, Dr. Herrera's Alabama medical license is reinstated subject to the terms and conditions contained in the Order.

Item four of the Order states that Dr. Herrera shall successfully complete an intensive review course in Family Practice or Internal Medicine which is pre-approved by the Medical Licensure Commission. It is the intention of the Commission that Dr. Herrera should submit for approval, a course which he shall attend, not an online course or self-study course.

Enclosed is a reinstatement application which Dr. Herrera should complete and return with the appropriate fees and documents. Dr. Herrera's medical license will be reactivated upon completion of the application process.

Mr. Agricola
