m i n i s t r i e s

Dear Fellow Patient of Dr. Pat Herrera,

As you know by now we are without a doctor. The Alabama State Board of Medical Examiners has revoked the license of Dr. Herrera to practice medicine in our State. Along with many others, I believe this to be an unfair, unjust, and definitely politically motivated decision by the medical board.

One of the most highly respected pain management doctors in the country wrote a deposition of over 100 pages with thorough documentation defending Dr. Herrera's practice and stated that he was on the cutting edge of his profession. Patients have the right to receive pain relief, but doctors in Etowah County and Alabama, notwithstanding do not have the right to provide it without risking his livelihood and liberty. This was totally ignored by the Board. Verbal deposition by this expert with impeccable credentials was not even allowed to be heard by the board! It was obvious they decided to make Dr. Herrera an example and a scapegoat before even reviewing the evidence.

Dr. Herrera has been the best doctor I have ever had. I have suffered from hypertension, severe back and stomach pain along with chronic sleeplessness. Dr. Herrera worked with me, listened to me, talked with me and sincerely tried to help me back to health. He succeeded! I am thrilled to report that I am now healthy and medicine free! (Except for the ½ tablet of aspirin per day!)

Dr. Herrera did not just medicate me, sign "scripts" and send me on my way. I personally know of no incidents of him "over medicating" or seeing Patients too often. You and I know Dr. Herrera genuinely cares.

Please sign the enclosed petition and send it to: Dr. Pat Herrera, Post Office Box 8157, Gadsden, AL 35902.

If you can have others sign it that is aware of the situation, maybe we can get our doctor back! He has been there for us, now let us do all we can to help him. It will only cost you a 34-cent stamp and a few minutes of your time – but it could help to save a great doctor's career.

Sincerely,

Randy Hogue
